

#1 Managed Backup. Simple. Reliable.

What is Managed Backup?

An easy-to-manage cloud backup solution designed for Managed Service Providers and IT departments

- ▶ **Centralized management**
- ▶ **Bring your own storage**
- ▶ **No contracts**

Switch and pay nothing

Features

- ▶ **Management portal**
Monitor and manage all backup and restore jobs, users, endpoints, and storage from a single web console.
- ▶ **No contracts**
Pick monthly or annual subscription with no upfront investment and no obligation to renew.
- ▶ **Flexible pricing and licensing**
Pay-as-you-go licensing with a steep cumulative discount curve.
- ▶ **Bring your own storage**
Choose from AWS, Wasabi, Backblaze B2 or take advantage of the integrated MSP360 storage powered by Wasabi.
- ▶ **Under Your Brand**
Rebrand and customize the solution to fully align with your own company's style and brand identity.
- ▶ **24/7/365 Technical Support**
Our support professionals will make sure you get a fast and relevant response should you experience any technical issues.
